"The world is becoming more
and more complex where traditional
solutions no longer promise good
results. Wider view is needed to
bring cross-border and
cross-industry approaches into the
highlight, but can this be done
without offending other's interests?
Difficult, but a challenging task for
us lies ahead."

[PSPC Workshop](#)

*Sponsored By Lloyd's Register Asia

The leaders in corrosion control technology are here to help with your PSPC frustrations! Come find out how the industry is dealing with this regulation, and share your views and thoughts. This is the place to discuss new solutions to how the regulation can be improved, and what NACE should

Westin Chosun Busan

be doing to facilitate any improvements.

Presentations Include:

Preparing for the IMO PSPC and Meeting the Challenge - Mr. Sven Mortensen, Lloyd's Register Asia

<p>

Round Table Discussions:

Here is your opportunity to build relationships with fellow members of your industry who are also dealing with this regulation. Please stop by the following tables to discuss openly regarding the issues you are facing, ideas you may have,

and questions that are still unresolved.

- Classification Societies – Lloyd's Register Asia
- Owners – Intertanko
- Inspectors – CIP, NACE International
- Suppliers - Elcometer
- Shipbuilders - Hyundai Heavy Industries, Co., Ltd.

*Drinks and refreshments are graciously sponsored by Lloyd's Register Asia.
